

## Introduction

*New 150ft AIX Wireless Telecommunications Tower ready to manage all of your business class wireless networking needs. The tower allows direct line of site to the Dulles Virginia Technology Corridor.*

## Go Wireless!!

The AIX Tower provides up to 10Gbps uplink to 90% of the world's internet routes carried by Equinix<sup>®</sup> Exchange. You can get connected and have the reach to a network-rich ecosystem with over 575 networks to choose from!

## Security you can trust.

AIX deploys the same security shields used by the DoD, protecting against threats by using advanced encryption protocols, multi-layered access control, and 24/7 onsite security surveillance.
